FOUNDATION

THRIVE CHELAN VALLEY
advocate. equip. empower.

YOUR DONATIONS SUPPORT

The Touching Tiny Lives Foundation

A non-profit organization dedicated to supporting children and families struggling with the ravages of HIV/AIDS in rural Lesotho. TTL provides essential care to severely malnourished, critically ill, or orphaned babies who would otherwise not survive. TTL's 2,500 annual outreach visits provide health services, nutritional supplements, medication and social support to children, pregnant women and caregivers in their villages.

Chelan's ties to TTL include Dr. Amy Ellingson, governing board member & medical director who has worked in Lesotho; and The Lake Chelan Rotary Club. The Chelan to Africa Benefit Concert typically provides 10% of the annual TTL budget, filling a critical need.

THRIVE Chelan Valley

Known in the community and schools as an organization that works to help all Chelan Valley youth reach their full potential. We believe in the importance of discovering the gaps for kids in the community and empowering our Valley to be part of the solution. Thrive serves kids in Chelan and Manson through 4 main programs. Fusion-adult and peer mentoring, Helping Hands-advocacy and meeting tangible needs, Teen Center-evening program, and the Thrive Youth Advisory Board. To learn more about Thrive or to donate and support kids in the Chelan Valley, visit our website www.thrivechelanvalley.com
